

Brain Builder 1 – Children in Victorian Britain

Set: Thursday 25th September

In our History lessons, we have explored a little bit about what life was like in Victorian Britain.

Your task is to research a job that a Victorian child might have done, or alternatively what Victorian schools we like. You can then present your learning in one of the following ways:

- A diary entry from a day in the life of a Victorian child
- An information text about your chosen area of research
- A picture/ labelled diagram of a factory or school
- A poster
- A comic strip showing a day in the life
- A presentation (on the computer or videoed)
- Role play
- Or any other way you can think of – be creative!

Unless it is on a computer or video, your brain builder should take up a double page spread in your books. Make sure you present your learning neatly.

This is due on **Thursday 16th October**.

I will post some useful links on the class webpage under the 'homework tab'.
