

## St Michael's CE Primary School

### Religious Education

We are Religiously literate people....

Religious Education expresses our Christian Vision and values which underpin everything we do at St. Michael's School. We ensure the children flourish through the provision of high quality religious Education. Through effective Curriculum planning Religious Education provision encourages a pupil to explore their spirituality and develops religious literacy.

#### Aims:

- Pupils are able to engage with religious text and theological ideas.
- Pupils develop skills of enquiry, critical analysis and interpretation.
- Pupils can explain ways in which their thinking has been challenged.
- Pupils demonstrate an informed and respectful understanding and have opportunities to engage in dialogue with a range of religions and Worldviews.
- Pupils are inspired by Religious Education and recognise it is a challenging and safe space to explore their own and others' religious, spiritual and philosophical convictions critically and responsibly.
- Pupils confidently give age appropriate theologically, philosophically and sociologically informed accounts of Christianity and other religious traditions.
- Pupils give age appropriate evaluative accounts of the continuing role of religion in contemporary British and global society.

#### Language of a religiously literate person:
