

We're gonna celebrate our queen, so make sure to use your ears
Well I've never seen a king or queen who's reigned for 70 years
She's gonna be the main event like no queen was before
I'm brushing up on waving flags, I've got the drinks to pour
Thus far a rather uninspiring scene
Oh, We just want to celebrate our queen
You've rather a long way to go young child, if you think
We want to say thank you
Now when I said that
We want to say hooray
We want to say well done
We want you to be here
Now see here
Free to celebrate all day
Well, that's definitely out
Free to do it all my way
I think it's time that you and I arranged a heart to heart
Queens don't need advice from little children for a start
If this is where the monarchy is headed count me out
Out of service, out of England
I wouldn't hang about
This class is giving me the urge to scream
Oh, we just want to celebrate our queen
Everybody look left
Everybody look right
Everywhere you look she's
Standing in the spotlight
Not yet
Let everybody go for broke and sing
Let's hear it in the town and down the street
It's gonna be Queen Liz's jubilee
Oh, we just want to celebrate our queen
Oh, we just want to celebrate our queen
Oh, we just want to celebrate our queen
